HIB

MAKING
BATHROOMS
BEAUTIFUL

“To be the leading supplier of innovative, creative solutions which make bathrooms beautiful, whilst making a substantial difference to the lives of our people, partners and the world we live in.”

HiB's Vision

At HiB, we've been making a difference to bathrooms for more than 30 years. From the very beginning of our journey, we have been dedicated to providing products which not only catch the eye, but also break new ground. From Bluetooth® capability to USB integration, our range has come a long way since 1990, but our commitment to making bathrooms beautiful has never changed.

How HiB makes the difference...

At HiB we are dedicated to designing your ideal bathroom and helping you create a sanctuary in your home that excites and delights you every day.

With 30 years' experience, we are renowned for our innovation, peerless quality and, above all else, our commitment to revolutionising bathroom design. Your bathroom could benefit from the latest innovations, such as heated pads to help keep your mirror clear, LED colour temperature changing technology and even Bluetooth®-enabled cabinets — all in a style that suits your personal taste.

Whether you're addicted to Art Deco or mad for Minimalism, you'll find your style with HiB.

Dimension 60 - page 42

Creating your beautiful bathroom...

Creating a beautiful bathroom is all in the planning.

When designing your bathroom, consider which elements will bring the space to life and work from there. In our experience, a beautiful mirror or a cutting-edge cabinet adds a focal point that transforms and enhances the room.

Find your perfect lighting with colour temperature changing illumination...

Warm White - 2700K

For a soft, soothing glow, opt for Warm White. The mellow tones of this setting create a sense of calm for gentle relaxation. Perfect for unwinding in the bath or for your pre-bed routine.

Natural White - 4000K

Natural White is the best representation of natural daylight, for a truer, more accurate reflection. This neutral shade is ideal for tasks where precision is required, such as shaving, shaping your eyebrows and applying make-up.

Cool White - 6000K

The fresh, bright hue of Cool White is designed to invigorate and energise you. It's the perfect colour temperature for your morning routine, helping you wake up and prepare yourself for the day ahead.

Solas 80 - Black - page 12

Find your **mirror**

Your mirror is – quite literally – a reflection of you and your style aspirations. The right mirror can create the illusion of space, enhance your lighting scheme and deliver the look you want for your bathroom.

Everyone has a different idea of what makes the perfect bathroom. That's why each HiB mirror has its own distinctive features — so you're sure to find one that suits your aesthetic and meets your specific needs. Whether you can't live without your playlist, like your lighting 'just so', or always have a device to charge — we have a mirror for you.

Maxim

Maxim 50 - Cool White

Maxim 60 - Warm White

Key features

- Colour temperature changing LED illumination
- Heated pad
- Touch free operation

Sleek channels of LED illumination, enhanced by impressive height, **Maxim** is a refined and sophisticated bathroom mirror that commands attention. Composed of three panels of mirror glass reaching up to 90cm in height, with precision illumination featuring colour temperature changing technology, **Maxim** is perfectly poised for bathroom prominence.

See page 95 for technical details.

For a designer look that works in a classic or contemporary setting, consider **Solstice**. This statement mirror is available in two finishes, an industrial matt black and brushed brass and includes a feature hanging strap. The bold style is complemented by a halo of ambient backlight and a ring of colour temperature changing LED lighting, which offers customisable frontal illumination. Internal heated pads keep the glass clear and free from condensation, for a flawless and functional bathroom centrepiece.

See page 95 for technical details.

Solas 60 - Chrome

Solas

Solas 60 - Brushed Brass

Solas 60 - Black

Key features

- Polished chrome frame with mirrored sides, brushed brass frame with mirrored sides, or matt black frame for a statement style
- Colour temperature changing LED illumination
- Heated pad
- Can be hung landscape or portrait
- Touch free operation

Solas offers light blending and colour temperature changing technology for a level of illumination that is second to none. The mirror features a circle of LED light, which is offset from the surface of the mirror. This provides optimal facial illumination, comparable with the make-up mirrors used by professional stylists. Find the perfect hue for precision tasks, such as shaving or applying make-up — or choose a shade that complements your interior design.

The circular LED light frame is available in chrome or brushed brass with mirrored sides, or in a cutting-edge industrial black. Solas can be hung landscape or portrait to suit your bathroom.

See page 95 for technical details.

Frontier 70 - Warm White

Frontier

Key features

- Colour temperature changing LED illumination
- Circular illuminated mirror mounted on a smoked grey glass
- Heated pad
- Brightness control
- Touch switches

The ideal selection for design connoisseurs, **Frontier** is a masterpiece of light and shade. A circular central mirror is bordered by a band of intense light, tempered perfectly by a dramatic background of smoked grey glass. This provides perfect radiance with minimal glare. Ambient backlight adds a further layer to the look, casting a soft glow onto the surrounding walls. The look is softened with rounded corners and bevelled edges. **Frontier's** discreet touch controls allow you to adjust the brightness and colour temperature of the light to suit your décor and mood.

See page 96 for technical details.

Ether

Ether's clever design fulfils all your lighting needs. Ambient lighting, on the sides and base of the cabinet, creates a radiant halo effect on your wall. Simultaneously, a precision line of super bright LED light crowns the mirrored doors, giving you defined light for personal grooming or applying make-up.

You can adjust the ambient light, from cool white to a softer warm white, depending on your mood or bathroom scheme.

Inside the cabinet, there are integrated USB chargers and sockets for shavers. A removable silicone mat keeps your shelves smear-free.

Brassware

We recommend the Atlas range to complement this unit.
For the full range of Atlas Brassware see page 74

Midnight Blue 45cm wide with Ceramic Washbasin and Atlas Brushed Brass Mono Mixer (page 58)

Fabrica Cloakroom

Make your cloakroom or ensuite the envy of others with **Fabrica's** luxurious textured styling. This sophisticated, statement design is ideal for smaller spaces due to its compact specification, but behind **Fabrica Cloakroom's** soft close door, the unit still provides the all-important storage that is vital in cloakrooms. Available in three matt finishes and a choice of handles, there's a myriad of looks to choose from to suit your individual style.

Fabrica Cloakroom is available in the following finishes:

Carbon Grey

Dark Emerald

Midnight Blue

Dark Emerald 45cm wide with Ceramic Washbasin

Key features

- Floor standing unit 45cm wide.
- Available in three finishes: Carbon Grey, Dark Emerald and Midnight Blue.
- Ceramic Washbasin, choice of left and right configurations.
- Soft-close for that touch of luxury and gentle closure.
- Choice of three handle finishes: Chrome, Black and Brushed Brass.

Step one: Choose your furniture and handle finish

Brushed Brass - *U30234

Cold Start

Cold Start is a practical, energy saving feature that is incorporated into the **Atlas** brassware range, making a leap in tap functionality.

HiB's **Atlas** Mono mixers feature a full Cold Start position. When the tap is turned on, it serves cold water as standard. By turning the handle to the left, hot water can then be selected. This means that the boiler is only engaged when you need it, reducing energy and costs.

Summit - available in Chrome, Black and Brushed Brass - page 80

Find your **lighting**

The right lighting is key to creating your perfect bathroom ambience. It can invigorate you and prepare you for the day ahead, or relax and calm you when you need to unwind.

The lighting in our range is both carefully considered and beautifully designed to set the mood and add a touch of understated luxury.

*Brushed Brass - U49653 **€180**

Peak
This stunning pendant light will fill your bathroom with radiance. The versatile design means it can be placed virtually anywhere in your bathroom, while the sleek chrome finish makes it a stunning feature.

Rise
Rise has a tapered glass pendant that diffuses 'daylight' illumination into the surrounding space, creating a fresh, spa-like ambience in your bathroom. This contemporary pendant light has a metre-long wire, so you can hang it high or low to suit your bathroom and your taste.

Summit
Summit's hand-blown glass pendant encases a retro-styled LED lamp that emits a warm, mellow light. It's perfect for creating a relaxing ambience to help you unwind after a long day.

See page 102 for technical details.

- Key features**
- LED illumination
 - Hand-blown glass shades
 - Adjustable 1 metre cable
 - IP44 rated
 - Replaceable lamp on Summit (E27)

Rhythm Bluetooth® Light

Rhythm features a Bluetooth®-enabled speaker that allows you to play your favourite music, podcast or audiobook straight from your device. A remote control means you can adjust the volume, skip a track and even change the dimmable LED light from cool white to warm white. Switch between a spectrum of red, green and blue hues to create a whole new level of ambience. This groundbreaking light helps you personalise your bathroom experience, setting the tone for an energetic morning routine or an indulgent evening pamper.

See page 102 for technical details.

Key features

- Remote control operation – lighting and music
- Bluetooth® connectivity with compatible devices
- Hand-blown glass shade
- Colour temperature changing LED illumination
- 1555lm max
- Dimmable
- 12 RGB colour options (non-dimmable)
- 6w speaker
- IP44 rated

Hush - page 92

Find your ventilation system

When you invest in a premium bathroom, you want the assurance that it will continue to look fresh and new in the years to come. This is why a quality ventilation system is advised.

A build-up of steam and poor ventilation can cause a number of problems. These range from unsightly mould, to problematic damp and serious structural damage.

With these concerns in mind, we developed a range of design-led ventilation products that prevent an unhealthy build-up of condensation without compromising your style.

Cyclone

This high-powered inline fan comfortably clears condensation in a larger bathroom. **Cyclone's** slim, flush-mounted grille sits discreetly in your ceiling and is quiet enough to maintain the relaxing ambience of your space.

See page 103 for technical details.

Key features

- Complete kit includes fascia, inline fan, 3 metre flexible ø10cm ducting, external fixed grille and steel hose clamps
 - Powerful 210m³/hr extraction rate
 - Low noise level of only 32dB
 - Optional warm or cool white LED illumination*
 - Adjustable run on timer. Select from 2 up to 30 minutes of extraction after the main light is turned off
 - IPX4 rated
- *Replacement lamps available from HIB

How Cyclone works

The large and high powered inline motor is remotely sited within the loft space and is connected to the fascia and external wall grille by the supplied flexible ducting.

Turbo

Power meets precision in **Turbo**. A powerful electric motor effectively removes condensation to prevent damp, mould and unpleasant odours. The fan runs quietly in the background and has a built-in timer, so you can set it to run for as long as you need.

Available in a chrome or white finish with optional warm or cool white LED illumination.

See page 104 for technical details.

Key features

Complete kit includes fascia, inline fan, 3 metre flexible ø10cm ducting, external fixed grille and steel hose clamps

137m³/hr extraction rate

Low noise level of only 37dB

Optional warm or cool white LED illumination*

Adjustable run on timer. Select from 2 up to 30 minutes of extraction after the main light is turned off

Hush

With a running volume of just 25 decibels, **Hush** is the quietest fan in our range.

This fan can be ceiling or wall-mounted, giving you the freedom to decide which option works best for your space without compromising your style.

There are three different models in the range: Safety Extra Low Voltage (SELV), with adjustable timer, or with adjustable timer and a clever humidity sensor that activates the fan automatically, before condensation has time to build.

Choose from White, Chrome or Matt Silver.

See page 105 for technical details.

Key features

- Up to 97m³/hr extraction rate
- An ultra quiet level of 25dB
- Back draft damper
- Available in three colours, with timer or timer and humidity sensor
- White and Chrome fascias also have the option of a Safety Extra Low Voltage motor (SELV)
- IPX4 rated

Motor dimensions

High extraction

Turbo's extraction rate is ideal for medium to large bathrooms, where lots of condensation needs to be removed from the room.

Non Illuminated White
€105

Non Illuminated Chrome
€120

Cool White LED White
€140

Cool White LED Chrome
€155

- Features**
- Complete kit includes fascia, inline fan, 3 metre flexible ø10cm ducting, external fixed grille and steel hose clamps
 - 137m³/hr extraction rate
 - Low noise level of only 37dB
 - Optional warm or cool white LED illumination
 - Adjustable run on timer. Select from 2 up to 30 minutes of extraction after the main light is turned off
 - IPX4 rated
- *Replacement lamps available from HiB

Hush White Timer
€125

Hush Chrome Timer
€160

Features

- Up to 97m³/hr extraction rate
- An ultra quiet level of 25dB
- Back draft damper
- Available in three colours, with timer or timer and humidity sensor
- White and Chrome fascias also have the option of a Safety Extra Low Voltage motor (SELV)
- IPX4 rated

Accessory Kit White
€25

Accessory Kit Brown
€25

Features

- 3 meters of flexible Ø10cm ducting
- A choice of brown or white external fixed grille
- 2x steel hose clamps
- Compatible with:
Hush - Page 92
Breeze - Page 93

Ventilation	Art No.
Accessory Kit, White	U72028
Accessory Kit, Brown	U72029

Lighting Regulations

All installations must comply with guidelines which are based on a zonal concept. The diagram below illustrates this concept and must be followed to ensure the safe installation of electrical appliances in the bathroom. These regulations apply to domestic installations only. Installations must be made in accordance with the current IEE wiring regulations and relevant building regulations. HiB recommends that all electrical bathroom products should only be fitted by a suitably qualified, Part P registered electrician.

Zone 1 refers to the area above the shower up to a height of 2.25 metres and requires a minimum rating of IP44 or higher and if the fitting is 240V a 30ma RCD must be used to protect the circuit.	Zone 2 covers an area 0.6 metres wide immediately next to, and all round zone 1. Wash basins should also be treated as zone 2. The minimum rating here is IPX4.	Outside Zone has no special requirements, unless water jets are likely to be used for cleaning purposes.
--	--	---

The IP (Ingress Protection) Standard describes a uniform system for classifying the degrees of protection provided by the enclosures of electrical equipment.

For example, if a bathroom’s light is rated IP65, then the 6 means its ‘Protected against Dust’ and the 5 means its ‘Protected against Water Jets’ from a shower, tap or cleaning processes from any direction.

First numeral - protection against ingress of foreign bodies, E.G. Tools, dust, fingers, etc.

0 No protection	1 Protected against solid objects with a diameter of 50mm and over (e.g. Accidental insertion of hands).	2 Protected against solid objects over 12mm (e.g. jointed fingers).	3 Protected against solid objects over 2.5mm (tools).	4 Protected against solid objects over 1mm (small wires).	5 Protected against dust - limited ingress permitted (no harmful deposit).	6 Totally protected against dust.
---------------------------	--	---	---	---	--	---

Second numeral - protection against ingress of liquids.

0 No protection	1 Protected against drops of condensed water. Drops of condensed water falling on the enclosure shall have no harmful effect.	2 Protection against drops of liquid. Drops of falling liquid shall have no harmful effect when the enclosure is tilted at an angle up to 15 degrees from the vertical.	3 Protection against rain. Water falling in rain at an angle equal or smaller than 60 degrees with respect to the vertical shall have no harmful effect.	4 Protection against splashing. Liquid splashed from any direction shall have no harmful effect.	5 Protection against water jets. Water projected by a nozzle from any direction under stated conditions shall have no harmful effect.	6 Protection against conditions on ship decks (deck equipment). Water from heavy seas shall not enter the enclosures under prescribed conditions.	7 Protection against immersion in water. It shall not be possible for water to enter the enclosure under stated conditions of pressure and time.	8 Protection against indefinite immersion in water under specified pressure. It shall not be possible for water to enter the enclosure.
