CARE & MAINTENANCE

As you have purchased a beautiful piece of furniture for your home it is important that care is taken in everyday use and cleaning to ensure it looks as good as new for many years ahead.

It is important to ensure good ventilation in the bathroom to avoid excessive moisture over long periods of time. Furniture should not be exposed to standing water or sustained moisture so any splashes should be dried to reduce the risk of damage.

Chemicals, such as nail polish remover, perfume, hair colour, solvent-based liquids, acetone etc. should be removed from furniture surfaces immediately. Never use solvents or abrasive or aggressive cleaning agents. Ink and felt-tip pen stains, tea, coffee, juice and red wine must be removed immediately, otherwise it can permanently affect the surface. Avoid contact with pointed, sharp or abrasive objects.

All surfaces have limited UV resistance. Changes in colour may occur if the products are exposed sunlight over time so please avoid sustained exposure.

CARE & CLEANING

It is important to clean any soiling immediately with gentle cleaning products as outlined below and ensure your bathroom furniture is left completely dry.

Real Wood Veneer or Solid Wood

The structure, grain, porosity and colour of real wood veneer will vary naturally due to the authenticity of the natural wood material.

Use a slightly damp, soft lint-free cloth or chamois to regularly remove dust. Wipe off water deposits immediately with a soft cloth. An all-purpose cleaner with the following ingredients are recommended to remove heavier soiling: anionic and nonionic surfactants, soap, phosphates, phenoxyethanol. Rub the cleaning agent in a circular motion and then length ways into the grains with a cloth. Then wipe with a soft cloth moistened in warm water. When dry apply only a small amount of furniture polish to the dry surface; never apply to a damp surface as the polish may whiten.

High-Gloss Lacquered Surfaces

Clean the bathroom furniture with a soft cloth moistened in warm water and a little mild non-abrasive detergent. Do not use furniture polishes (oils, waxes). These leave a greasy film on the surface and reduce the lustre. Dry cloths, paper serviettes or microfibre cloths should be avoided on matt or high-gloss surfaces as the surface may be scratched.

Melamine Resin Surfaces

Clean the bathroom furniture with a soft cloth moistened in warm water and a little mild detergent. Furniture with textured surfaces is best cleaned in the direction of the pattern to remove any soiling. Then rub with a damp cloth moistened in clean water to remove the cleaning agent and avoid stains or streaks.

Handles

Although metallic materials are relatively hard materials, the corresponding surface finish (lacquering, anodisation, galvanisation) is however not scratch-resistant. A soft cloth moistened in warm water suffices for everyday cleaning.

Guide for cases of heavier soiling:

Chrome: Chrome-plated surfaces should only be cleaned with a soft cloth and diluted spirit without applying any pressure to maintain the gloss. Then polish the surface with a soft cloth.

Stainless Steel: Please use a special stainless steel care product for cleaning stubborn soiling and follow the manufacturer's instructions.

Aluminium/Brass: It is best to choose a damp chamois for cleaning as this gives the surface optimum protection against scratches.

CONTEMPORARY
BATHROOM FURNITURE

Creative design is evident throughout the Visobath bathroom furniture collections. The vanity units and wall hung storage solutions are innovative and contemporary in design while every element of the furniture showcases high quality manufacturing.

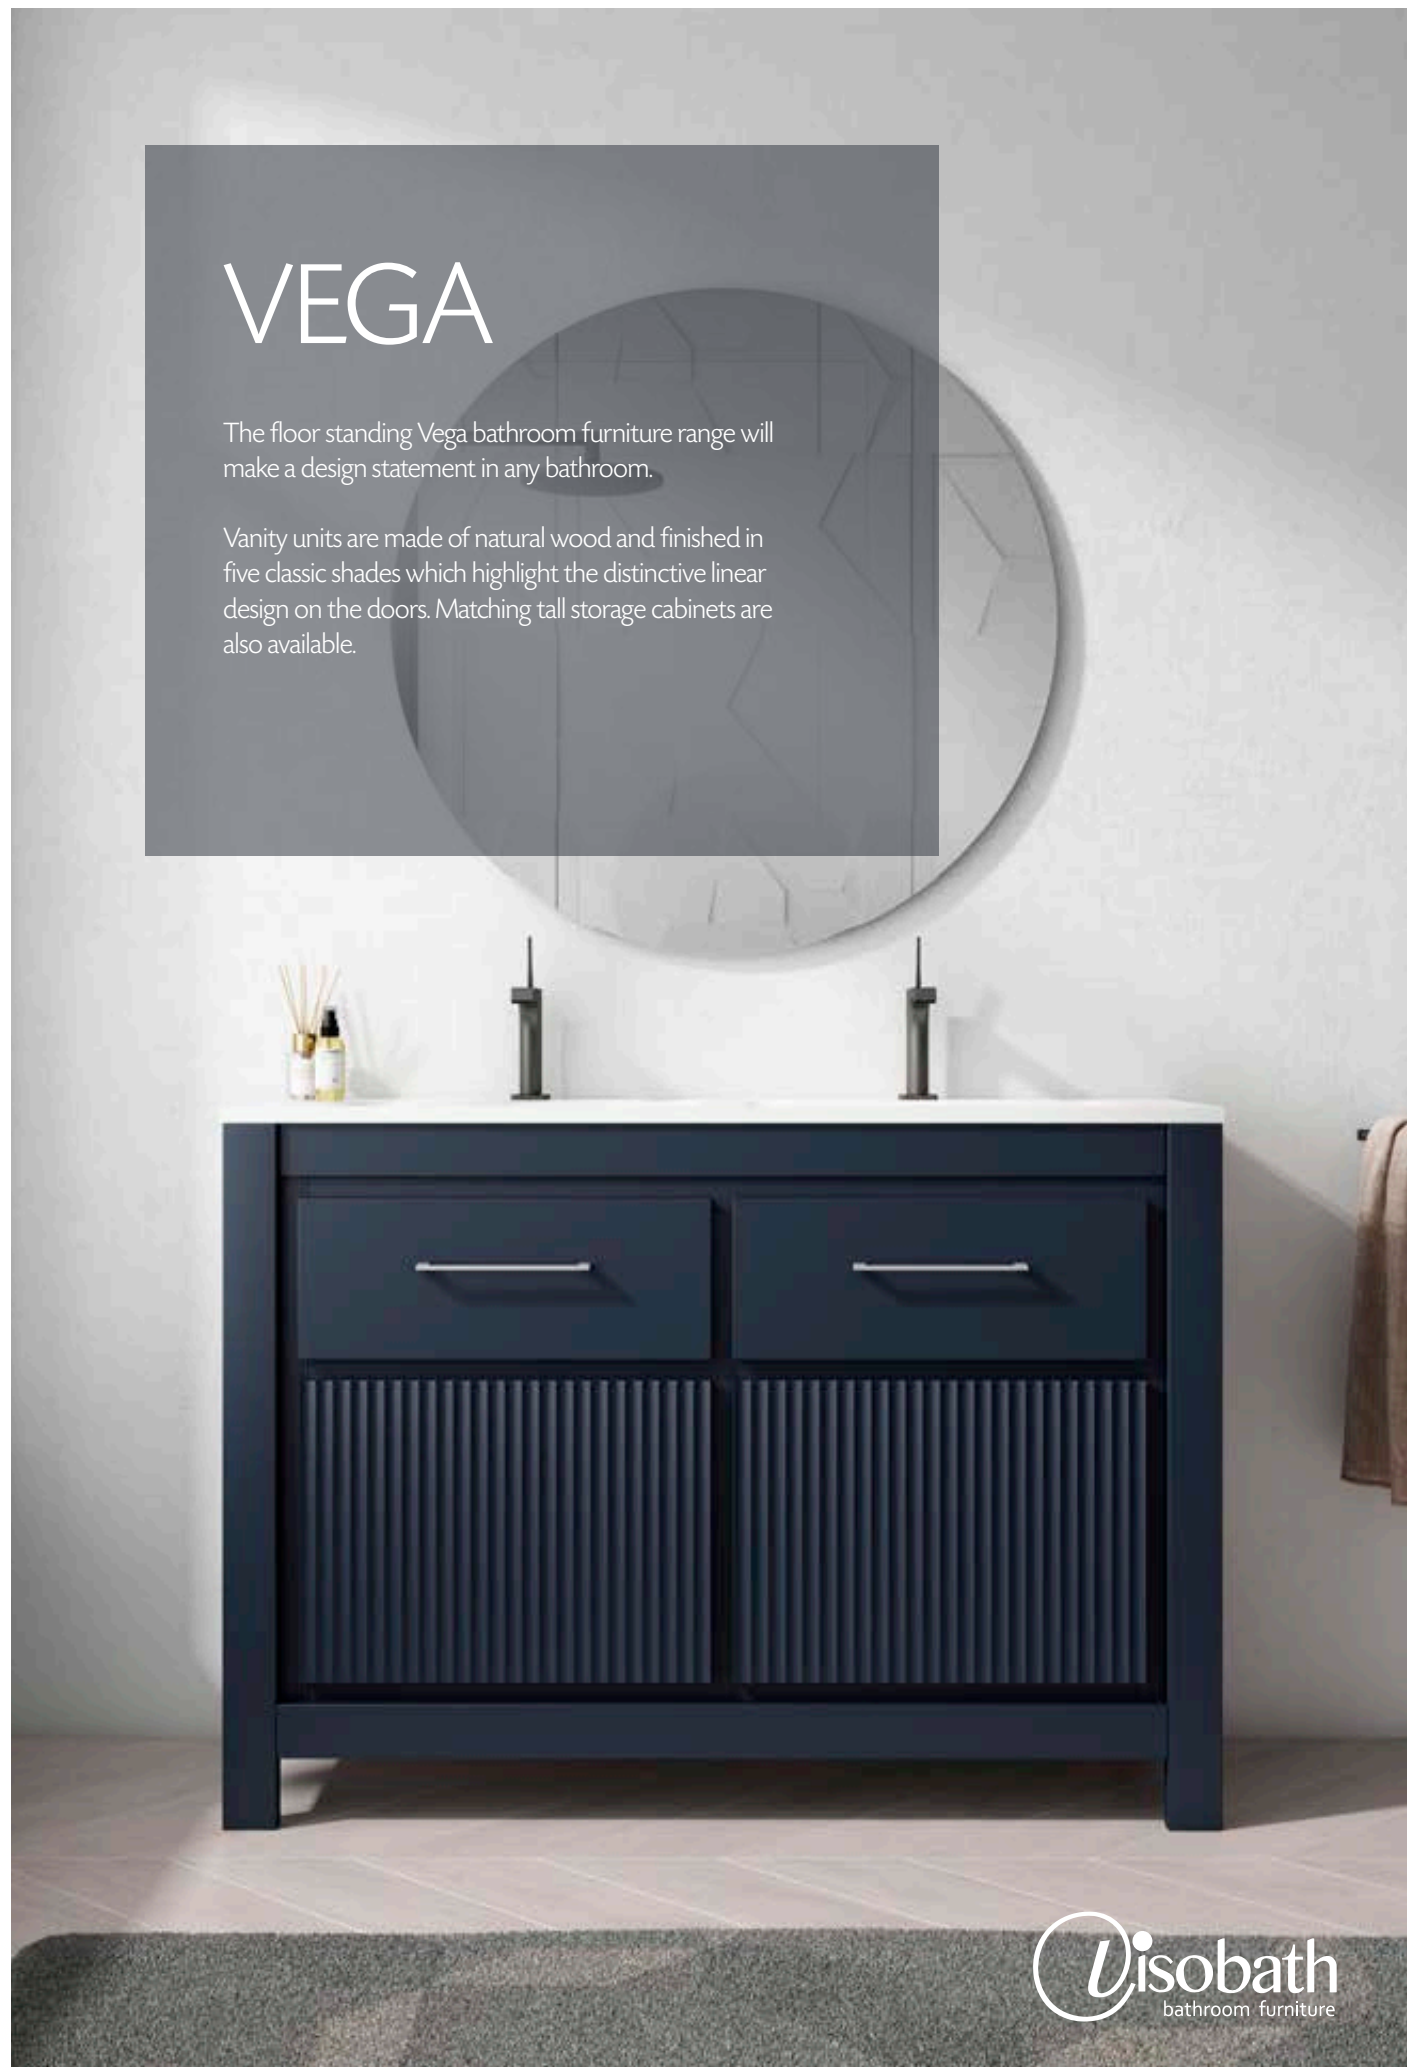

These stylish collections offer superb value and Tubs & Tiles are delighted to bring these exceptional ranges to customers in the Irish market.

VEGA

The floor standing Vega bathroom furniture range will make a design statement in any bathroom.

Vanity units are made of natural wood and finished in five classic shades which highlight the distinctive linear design on the doors. Matching tall storage cabinets are also available.

VEGA

Vega vanity units are available in a range of colours and three sizes with your choice of a ceramic inset basin or a counter-top and your choice of white or coloured vessel basin.

The striking coloured counter-top basins are a stand out feature and match the shade of the counter top and base unit perfectly.

Vega vanity units can be fitted with pipe work from the wall only.

ZETA

The distinctive design of the Zeta bathroom furniture collection stands out from all the rest. The vertical linear detail add interest and texture to the furniture without compromising its minimalist look.

Quality metal runners are sturdy and strong while the full extraction drawers mean you can see all your bathroom essentials at a glance.

ZETA

Zeta vanity units are available in a range of sizes with your choice of a ceramic inset basin or a counter-top with a vessel basin in a colour that matches the painted wood of the unit. The full extraction drawers on the vanity unit and doors on the wall hung storage cabinet are push open for a sleek handle free exterior that accentuates the contemporary style of this range.

GRANADA

Effortlessly elegant, the Granada furniture collection has been designed to maximise the storage space in the bathroom. Its minimalist nature means it is easily adaptable to any style and taste.

The collection offers a choice of colours and sizes with an inset wash basin or a variety of counter top vessel options.

GRANADA

The Granada range has a simplicity of style that perfectly showcases the classic colours and the refined matt finish. Vessel basins can match the colour of your vanity unit and counter top for a seamless look or you can choose a white or black basin to create the style you desire.

Customise to your own personal style by combining your choice of drawer handle, basin style and colour to create a distinctive finish.

MOMENT

Moment by Salgar returns to the artisan origins of furniture showcasing the natural beauty of wood. This range is manufactured from multilayer birch board with real wood veneer so each piece of furniture is unique as the grain of the wood is unique.

The quality of the Moment range is evident in every detail, it is designed with perfectly aligned 45° beveled edges and is exceptionally durable thanks to the acrylic varnish finish which is highly resistant to humidity.

Salgar

MOMENT

Moment by Salgar has a simplicity of form that is skillfully crafted to showcase the beauty of natural wood. The furniture in the series is available in three natural wood finishes: Pure (ash), Real (oak), and Intense (walnut) and comes in a range of sizes. The minimalist style features recessed handles and generous storage space to keep clutter at bay. Strong and durable fittings ensure smooth soft close action to the doors and drawers so you can experience the quality every time.

MOMENT

The modular nature and variety of formats in this range mean you can customise your unit by combining different pieces. Wall hung vanity units in one drawer or two drawer formats and floor standing with three drawers can be complemented by an array of additional storage solutions, open shelves and wall hung cabinets to suit your space. Select from one of five counter top options with your choice of counter top basin or a sleek inset basin to create the finish you desire.

COMPAKT

The Kompakt bathroom furniture series is innovative in design with a unifying simplicity and elegance. This collection is custom-made, offering several alternative styles; such as the innovative floating vanity with integrated washbasin in the same material as the counter top, a semi-recessed ceramic washbasin or counter top with a variety of vessel wash basins.

The Kompakt range can be combined with furniture base units to provide additional bathroom storage.

Salgar

COMPAKT

The Kompakt bathroom furniture series is innovative in design and highly adaptable to any space as the size can be customised to meet your individual needs. The floating vanity with integrated basin is a key feature of this range and one that sets it apart from the rest. The surface is waterproof and impermeable making it wear, stain and chemical resistant for a finish that will look great for years. The surface is also anti-bacterial and fireproof for added peace of mind.

Salgar

COMPAKT

The Kompakt range can be combined with furniture base units from other ranges in a wide variety of sizes, colours and styles. These options will provide valuable storage space to neatly conceal all your bathroom essentials from view. Floating shelves can be used to provide additional storage space or to showcase decorative pieces. This versatility combined with the many basin options and formats mean you can create a truly distinctive design for your bathroom.

TOWEL RAIL

INTEGRATED SINK

MAM

The curves of the Mam vanity unit reflect a strong character with its appealing wave feature and ergonomic design which provides highly functional storage space while making a striking focal point in any contemporary bathroom design.

The Salgar quality is reflected in the soft close action of the drawers and doors and the Carbon Tx interior which is water and stain resistant.

Salgar

MAM

The Mam range's curved shape is reflected in the integrated wash basin which has a unique water droplet shape. This mineral load basin is available with a matt or glossy finish and the wash basin can be aligned to the left or right hand side. The vanity units can be extended to 1200mm by adding an additional 300mm wide storage unit.

Salgar

MAM

The Mam range has a distinctive shape which makes it stand out from all the rest. The velvet matt finish of the unit is classic and elegant and you can choose an integrated basin or a counter top with a wash bowl basin to customise your look. The vanity units can be extended by adding a 300mm wide storage unit or a wall hung storage cabinet can be used to provide additional storage.

UNIIQ

The Uniiq by Salgar vanity unit has a distinctive style with softly curved lines and a range of anti-fingerprint matt colours which can be subtle neutrals or a vibrant pop of colour. The decorative front legs for this range are an optional design feature and the units can be customised with your choice of four handle options.

The Salgar quality is reflected in the soft close drawers and doors and the water and stain resistant Carbon Tx interior.

Salgar

Salgar

UNIIQ

The Uniiq collection is unusual in that it features such a wide range of colours from subtle neutrals to strong heritage shades and vibrant, electric tones so you can be sure that you can find an option to suit any decor. The matt finish has a velvet texture that resists fingerprints and the interiors are composed of water and stain resistant Carbon Tx material so your vanity unit is strong and durable. Drawers are soft closing and open fully so your bathroom essentials are neatly hidden from view yet easy to locate at a glance.

UNIIQ

The legs for the Uniiq range are purely decorative but can change the appearance of the unit and you can choose the option that suits your style. The handles come in chrome, matt white and black. The range of counter tops styles and the choice of an inset basin or a variety of counter top basins provides further options to customise your bathroom furniture.

In 2017, Duravit celebrated 200 years of manufacturing and are now world leading producers of ceramics, furniture, bathtubs, brassware and accessories. Quality, design and technology are the core competences of the Duravit brand and are evident in every range and product that carries the Duravit brand.

Collaboration with leading designers have resulted in diverse bathroom ranges each with an individual character and distinctive design which is never at the expense of practicality and functionality. Duravit has been the proud recipient of numerous international design awards. These awards celebrate bold design, which has become Duravit's hallmark over the years.

Advances in technology facilitates innovation in both production and design to ensure collections are sustainable and enhance comfort. Environmental responsibility is championed by Duravit in its selection of materials, technological applications and production methods. This fusion of Duravit's environmentally friendly production technologies with the company's meticulous quality control results in products that are highly functional and long-lasting.

D-NEO

D-Neo is a bathroom revolution: great design with a refined style and the exceptional quality you would expect from the Duravit brand. This collection is characterised by a linear, geometric appearance with a refined simplicity of design to ensure it fits perfectly into any bathroom style. The furniture in D-Neo is accompanied by a selection of toilets, washbasins, bidets and baths.

Design by Bertrand Lejoly

 DURA VIT

DURAVIT

D-NEO

The versatility of this collection is apparent in the range of formats, sizes and colours available.

The special touches include the asymmetric 800mm washbasin with generous space for your bathroom toiletries. D-Neo vanity units provides plenty of storage space with one or two drawers and the option to include open shelves. Additional bathroom storage is available in the tall and semi-tall cabinets which have glass shelves to provide plenty of space.

D-NEO

D-Neo is made for every day life with uncompromising functionality – with features like storage space, open shelves and large surfaces for your often used bathroom pieces. The round or oval washbowls are designed to be used with tall surface mounted taps and can be used individually, centered or aligned asymmetrically or with the larger units two bowls can be placed side by side.

DURAVIT NO1

Duravit No 1. offers the excellence in design and quality for which the Duravit brand is renowned at a price point that offers superb value.

The design is elegant and refined to fit perfectly into any modern bathroom and the range extends to a variety of sanitary ware and bath tubs for those that value a unified finish throughout the bathroom.

 DURAVIT

DURAVIT NO1

Thanks to the narrow design of the side edge of the washbasin there is a generously sized rectangular inner basin with a tap panel which provides enough storage space for everyday bathroom utensils. The design means there is minimal overhang from the washbasin to the bathroom furniture. The recessed handle is easy to use and easy to keep clean due to the continuous nature of the material on the front.

HAPPY D.2

Happy D.2 is versatile and timeless modern with gently rounded corners for a distinctive elegant design which has a delicate feminine look. The curved feature is the defining characteristic of the range and is evident in the furniture, ceramics and bathtubs.

Design by Sieger

 DURAVIT

HAPPY D.2

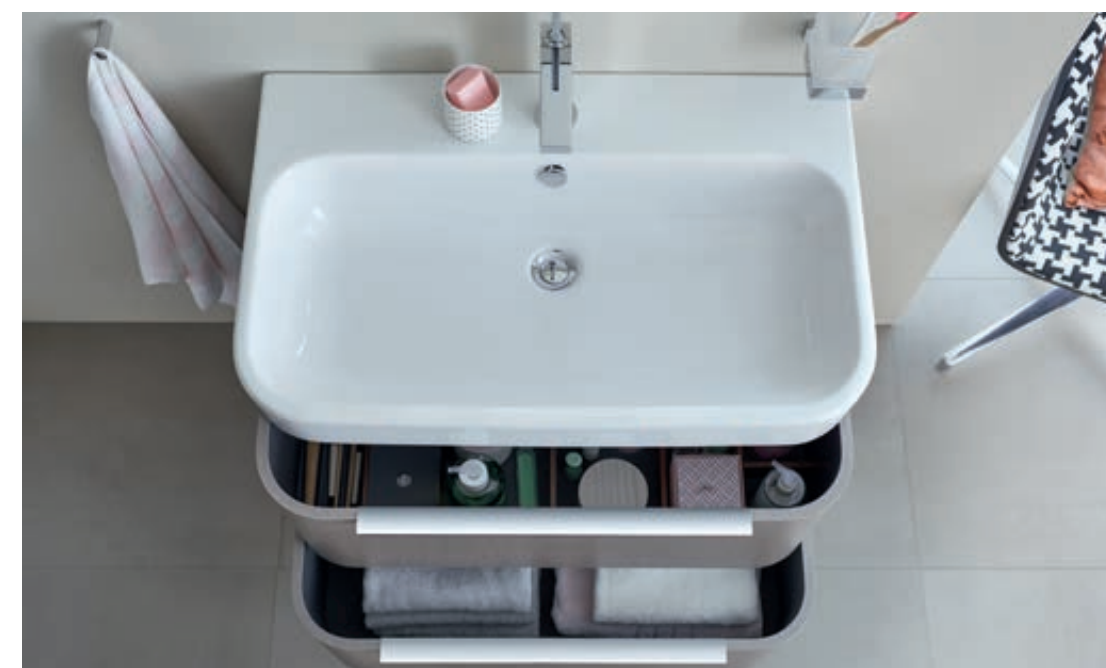

The chrome handles of the Happy D.2 designer range complement the real wood veneers and textured finishes of the vanity units. Chrome feet can be used as an interesting contrast to the finishes of the unit or the tall storage cabinets and is a useful solution wherever wall-mounted installation is not possible.

HAPPY D.2

The typical basin shape of the Happy D.2 collection is matched with gently curved doors and drawers of the unit. Drawers are available with optional drawer inserts in either maple or walnut. Additional storage is provided in the tall cabinet and semi-tall cabinets.

HAPPY D.2 PLUS

Happy D.2 Plus is an evolution of the original collection with the distinctive D shaped basin. The options with c-bonded technology ensures the ceramic and furniture surface combine to form a perfect unit with no overhang or recess. Basins are made entirely of DuraCeram, the specially finished ceramic glaze, which promotes ease of cleaning and robustness with the slender basin rims.

DURAVIT

HAPPY D.2 PLUS

The floor standing, height-adjustable metal consoles with integrated towel rail can be finished with an optional shelf or built-in drawer. The washing area showcases the characteristic shape of the Happy D.2 range. The C-bonded washbasin ceramic joins to the metal surface at the rim with exact precision appearing as if they are one piece. Available in black matt and chrome.

HiB FABRICA

Make a statement with Fabrica.

The rich Carbon Grey, Dark Emerald and Midnight Blue colours of the Fabrica range are sure to be a focal point in any bathroom. Pair with handles in chrome, matt black or brushed brass to enhance the overall style. The sleek lines and matt finishes exude luxury and sophistication.

Soft-close doors and drawers give that quiet and gentle closure that illustrates the high quality of the Fabrica furniture collection. Optional matt black legs can be selected for wall hung options as an additional decorative feature. The range of beautiful mirrors and mirror cabinets by HiB will complete the look.

HiB

FABRICA

The sleek lines, rich colours and quality which is evident in the finer details resulting in a collection which is both luxurious and sophisticated. The Fabrica ceramic counter top basins are beautifully designed and manufactured with precision craftsmanship for a stunning addition to the bathroom space. There are three distinctive round basins with attractive detailing and a rectangular basin in three sizes.

FABRICA

The Fabrica furniture with an inset basin offers a practical tap platform and generous basin depth. In addition to choosing your basin style, unit colour and handle finish you can opt for matt black legs to add another decorative touch to your wall hung vanity unit. Floor standing vanity units have three spacious drawers and will conceal any pipe work. The compact cloakroom vanity unit is an ideal choice when space is limited and will make a real style statement in a guest bathroom.

ROSEBERRY

Roseberry is a beautiful painted timber range of bathroom furniture which expertly captures the true appeal of wood.

The variety of formats feature bold paint finishes and a choice of handles to accentuate the authentic period details while allowing you the freedom to tailor your bathroom design for a result that can be strikingly modern, timelessly traditional or indeed anything in-between.

Utopia

Utopia

ROSEBERRY

Inspired design and expert craftsmanship combine in the Roseberry bathroom furniture collection. The eight shades of specially formulated paint offers the durability and resilience necessary to withstand the increased moisture and humidity levels in the bathroom. Solid surface worktops are hand crafted to capture the timeless beauty of stone in finishes that are smooth, tactile and hard-wearing. The attention to detail in the gentle glide of the drawers and the soft close action of drawers and doors with robust hardware illustrate the exceptional quality of a range that is designed to last.

Salgar

A new departure for Salgar - the stylish Renoir collection is traditional in design with classic touches throughout including the distinctive door and drawer fronts, the variety of handle options and depth of the available colours.

Renoir transmits a classic, sometimes nostalgic feeling, bringing to the forefront the excellence of a traditional style, full of quality and charm with the strength and durability of modern production methods.

tubs&tiles

RENOIR

Renoir has traditional styling that evokes a feeling of nostalgia while it fits beautifully in modern surroundings. The matt silk finish is smooth to the touch with 3D molded features on the front to create the classic shapes.

The seven colour options and choice of handle styles offer variety to create a customised unit to suit your space.

Salcar

Salgar

RENOIR

The quality of the Renoir collection is evident in the exterior finish and the hard wearing interiors both of which are water and stain resistant while being easy to clean. The drawers and doors feature high quality, durable metal fittings for smooth opening and gentle closing. Drawers open fully so you can easily see the contents.
