Hansgrohe: quality you can count on

At Hansgrohe we create top quality products that are designed to be beautiful and have a long service life ensuring your customers will enjoy them for years to come.

We apply rigorous tests and stringent guidelines in our development and production, and that's validated by the independent testing institutes that attest to our high quality workmanship.

One button. Tested 90,000 times
We test our products down to the smallest detail. Take for example the Select push button that changes water flow. It's durability was put to the test in a long-term load test, where it wowed with a whopping 90,000 activations.

Our hand showers last longer because we take longer to create them
Every hansgrohe hand shower has both copper and nickel underneath the chrome for a longer lasting quality finish.

German made mixer cartridges
Hansgrohe make all our own mixer cartridges to meet our own exacting standards.

Manufacturing quality
Hansgrohe relies on top-quality materials, high-tech design and precision work. Hansgrohe understands "quality workmanship" means more than just the materials. It's the basis of our four pillars of quality: product, design, manufacturing and service.

15 years' spare part availability after product discontinuation. Guaranteed.

5 YEAR PRODUCT GUARANTEE

All products carry a minimum 5 year manufacturing guarantee inc. parts and labour.

15 YEAR PARTS AVAILABILITY GUARANTEE

Spare parts held for 15 years after product discontinuation.

Online installer support at your fingertips

We're always on your side. That's why we focus as much on your needs as we do on our products.

Just like you, we are obsessed with every aspect of creating great showers. So we make sure you have the tools you need to make installation simple, quick and easy.

New products

We don’t just keep up with technology - we pioneer it

From the big picture to the smallest detail, we welcome every opportunity to enhance your showering experience by integrating technical innovation wherever and whenever it will function best. The icons are here to introduce you to the latest hansgrohe advances. They are your guide to discovering just how much hansgrohe can enhance your comfort and enjoyment in the bathroom.

Intuitive water control at the touch of a button.

Great performance, save up to 60% water.

A soft relaxing water experience.

Prevents the thermostatic mixer from getting too hot, preventing painful scalding.

Distributes the water evenly over a large shower disc, so your whole body is completely enveloped in enriching drops of water.

Defines the area between the wash basin and mixer spout. This shows the product is available in various heights - to suit different wash basins and requirements.

Remove limescale deposits simply by rubbing the flexible silicone jets.

Quality performance on a minimum of 0.2 bar pressure.

Products meet regulation 4, part 2 of the Water Supply Regulations.

Suitable for use with combination boilers, subject to the manufacturers performance specifications.

Perfect for rinsing shampoo out of your hair.

Gentle shower rain with air-enriched drops.

An intensive water spray that activates and refreshes.

Strong, pulsating massage spray.
